Dear Fifth Graders,

Your entry into sixth grade this fall is a most important step in your educational journey. Intermediate school will afford you the opportunity to assume new responsibilities and make many decisions for yourselves. We know that you're well prepared to make very wise decisions and will take full advantage of every learning opportunity that is offered.

It has been my pleasure to have worked with all of you wonderful young ladies and gentlemen of the class of 2000. As you enter this new century, we're confident in your ability to accomplish great things.

Your continued hard work is certain to result in many outstanding future accomplishments – in which we'll take enormous pride.

Warmest congratulations to each of you and heartfelt best wishes for every future success.

Sincerely,

Joseph Agnese
Principal

Dear Girls and Boys,

When I first came to P.S. 50 most of you Were in the third grade. Time has gone by so quickly. You are ready to leave P.S. 50 and enter a new school.

During your time at P.S. 50 you have been prepared for the next stage of your education. You will encounter many opportunities and challenges. You will be given the responsibility to make choices about the path you will take into your adult lives. Continue to work hard and make the right choices. I know you will all be successful.

I wish you all the very best of everything. It was a pleasure to be a part of your lives at P.S. 50.

Sincerely,

Joanne Mecane

Joanne Mecane

Dear Fifth Graders.

Over the years since you entered P.S. 50 you have grown and matured academically and socially. I remember some of you since I met you in Mrs. Wolfert's Kindergarten and of course we continued to spend time together with Mrs. Meyer's in our Music program where you all became such wonderful singers. It has been a pleasure to get to know and to observe your many accomplishments.

It is hard to believe that you are setting out for Intermediate School. I am sure you will continue to work hard to achieve success. I look forward to hearing about all the good things you do n the future.

Congratulations to each of you. My wishes for success and happiness in the years to come go with you.

Sincerely,

Margaret Wegener

Let Freedom Ring! Liberty triumphed again and again in the 20th century. FDR rallied the allies to victory in WW II. Four decades later Ronald Reagan and Mikhail Gorbachev brought down the Berlin Wall, and another wall went up to honor the fallen in Vietnam.

Give Peace a Chance Columbine students found creative ways to reclaim their school, including dedicating their state football championship to those who died in April of '99. Students across the country proudly wore "I Will" ribbons, showing their commitment to safer schools. Attorney General Janet Reno teamed up with MTV and rockers The Goo Goo Dolls to promote an anti-violence campaign.

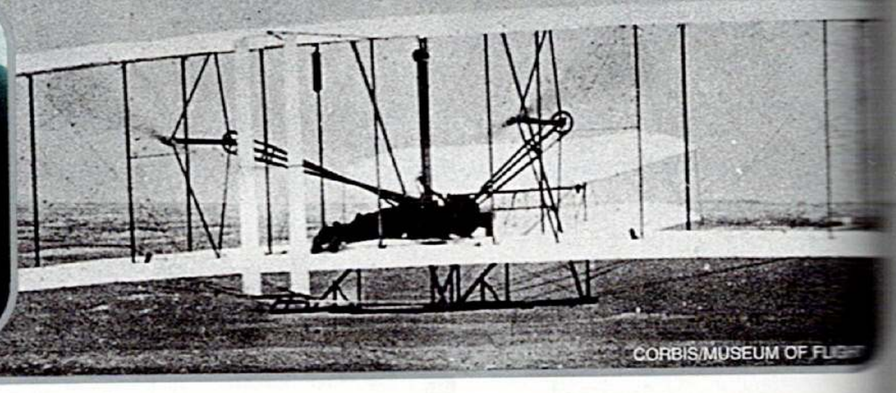
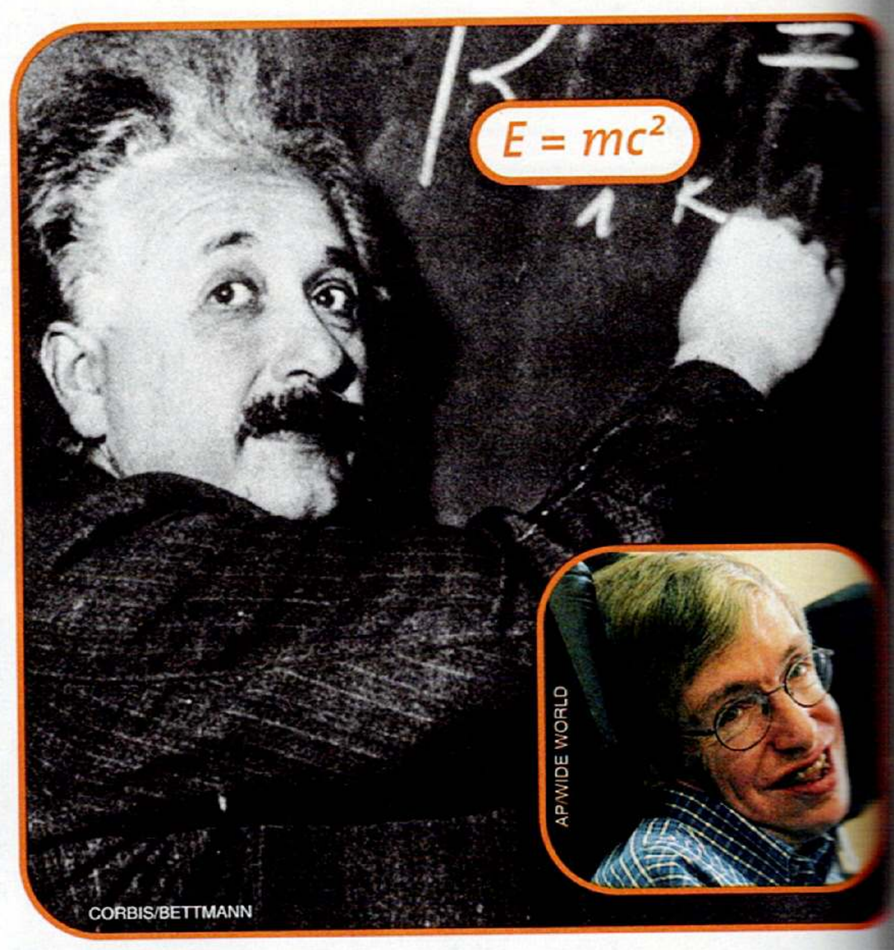
Flying High



One Giant Leap The Wright brothers got us off the ground in 1903, followed by brave pilots like Charles Lindbergh and Amelia Earhart who both flew solo across the Atlantic. Next stop, the moon, which Apollo astronauts reached in 1969. Today the versatile space shuttle makes blasting into orbit seem almost routine.

"ONE *small step for man...*"



Inquiring Minds One of the most creative thinkers in human history, Albert Einstein taught us new ways to understand space, time and gravity. He even won the Nobel Prize for Physics in 1921. Our modern day Einstein, Stephen Hawking, leads current research into the building blocks of our universe.

Thomas Edison

then

The Father of Invention With over 1000 patents to his name, Thomas Edison brightened our lives with the light bulb in 1879. He also gave us the microphone, phonograph and sound for motion pictures!

SPREADING THE WORD

It used to take weeks for news to cross the country. But today, speed rules! In fact, we're so obsessed with our instant communication that some schools have even had to ban pagers and cell phones.

GREAT Moments

The Thrill of Victory This century has seen its share of record breakers and history makers. Muhammad Ali became the first boxer to win the heavyweight championship three times. Arthur Ashe was the first African American tennis player to win the U.S. Open, the Davis Cup, the Australian Open and Wimbledon. In 1960 Wilma Rudolph became the first American woman to win three gold medals at the same Olympics. And the 1980 U.S. Olympic hockey team overcame all odds by beating the Russians and going on to win the gold. The world still calls it the "Miracle on Ice."

Arthur Ashe was the first African American tennis player to win the U.S. Open, the Davis Cup, the Australian Open and Wimbledon. In 1960 Wilma Rudolph became the first American woman to win three gold medals at the same Olympics. And the 1980 U.S. Olympic hockey team overcame all odds by beating the Russians and going on to win the gold. The world still calls it the "Miracle on Ice."

THEY'RE DA BOM!

It's tough to become the top athlete in your sport...but how about two sports? Or three? Mildred "Babe" Didrickson won two track and field gold medals in the 1932 Olympics. Then in golf, she won the U.S. Open three times. Babe also earned top honors in tennis, baseball, basketball, swimming and marksmanship.

Perfect 10s! At the 1976 Olympics, Romania's Nadia Comaneci became the first gymnast to earn a perfect score of 10 on the parallel bars and beam. Then, in 1984, Mary Lou Retton scored a 10 in the vault and became the first woman to be featured on a Wheaties® box!

You Go Girls! The world sat up and took notice this year as the U.S. team earned women's soccer an official place in history and in our hearts. 90,000 fans packed the Rose Bowl (and 40 million watched at home) to see top athletes like striker Mia Hamm and goalie Brianna Scurry blow the Chinese team away. When Brandi Chastain scored the penalty kick that won the game, boys, girls, men and women alike became sworn women's soccer fans forever!

Tiger on the Prowl

Tiger Woods has wowed us again by becoming the first golfer in 25 years to win eight PGA tour events in one season. But who says big cats prowl alone? This year Tiger proved himself a great *team* player too, leading the Americans to a Ryder Cup victory. Go get 'em, Tiger!

Extreme Madness

People Can Fly... and America thinks it's awesome. Extreme sports have grabbed the attention of Mainstream, U.S.A. In fact, NBC broadcast the Summer Gravity Games from Providence, Rhode Island this year. Thrill-seeking athletes risked injury in freestyle motocross, wakeboarding, street luge and aggressive in-line skating. Then the Winter Gravity Games 2000 pounded the powder in Mammoth Lakes, California; and again we got to watch them on network TV.

Olympic Glory

Jackie Joyner-Kersee just may be the greatest female athlete ever. She took home golds at the '88 and '92 Olympics, and a silver in '84. Her sport? Seven of them. Her main event was the heptathlon; in other words, she did tons of leaping, sprinting and throwing. Talk about explosive power!

Batter Up! If you're picking a baseball Dream Team, this should be your starting line-up. Think about players like Hank Aaron, baseball's all-time home run king... or Joe DiMaggio with his 56 game hitting streak in 1941. These champions set world records and then broke them; and they tore down a few barriers along the way too. They belong in a league of their own.

It's Outta Here! Fans flocked to ball parks around the country to watch Mark McGwire and Sammy Sosa battle it out for the second year in a row, but McGwire's '98 record of 70 homers still stands. Big Mac ended the season with 65 and Sammy with 63. They came pretty close!

Super Sized! We've come a long way since the days of Super Bowl I in 1966. The Green Bay Packers and their legendary coach Vince Lombardi would never have guessed that the St. Louis Rams winning Super Bowl XXXIV would be watched by 130 million people.

Simply The Best This year the New York Yankees won their second World Series in a row, sweeping the Atlanta Braves in four games. The win gave the Yankees 25 World Championships in their proud history. In '99, the NHL's Dallas Stars took home the Stanley Cup, while the NBA title went to the San Antonio Spurs.

Tennis Anyone? This year Andre Agassi fought his way back to the top of the men's tennis scene, winning the French and U.S. Opens. He ended the year ranked #1.

← In September 17-year-old Serena Williams won the women's singles title at the U.S. Open. A month later she went on to beat her sister Venus for the first time in the finals of the Grand Slam Cup in Munich, Germany. Jump, Jive and Wail From the powerhouse trumpet of Louis Armstrong to the hottest sounds today, music remains the signature of each generation. Big band and swing tunes got the kids shakin' it long before Elvis brought rock & roll to The Ed Sullivan Show in 1956. The country loved it, of course, and even welcomed those crazy long-haired Beatles in the '60s; so the rock & roll fever continued. Motown greats such as Aretha Franklin inspired groups like the Jackson Five. And we all know what a Thriller ride that turned out to be!

The Beatles

This year Paul McCartney played at the Cavern Club in Liverpool, England, where the Beatles used to play before coming to the States in the early '60s.

THE *Latin Explosion*

¿Hablas Español? The Spanish language is heard more and more in American pop tunes. We see it in grocery stores everywhere and on the street, too. As the Latino/Hispanic population increases, so does our love affair with the culture. Salsa (the sauce) now sells better than catsup, and salsa (the dance) is all the rage. And let's face it... we love to groove to music by Latino performers like Jennifer Lopez, Enrique Iglesias, Christina Aguilera and Ricky Martin.

Take the time to dream - it is the

Congratulations to the Class of 2000

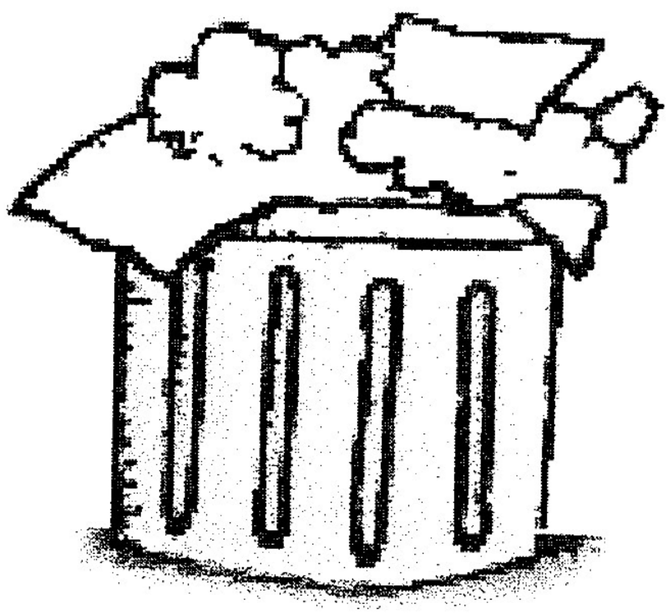
Through the years, you have grown into a group of unique and talented individuals. There is something special about each of you and together you have made a lasting impression on P.S. 50.

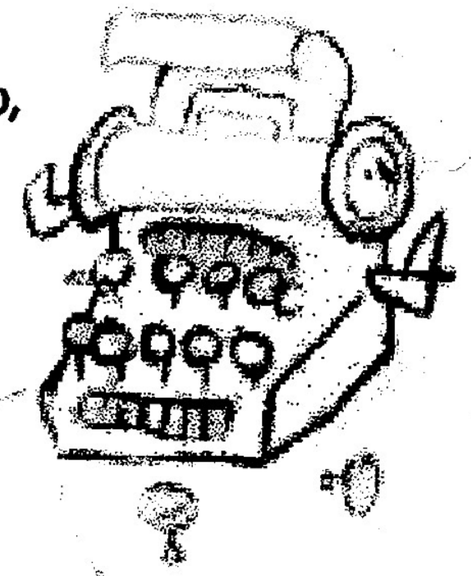
You are about to move on to new challenges and your parents and teachers have every confidence that you can handle whatever is ahead of you. You have proved many times from your hard work and many accomplishments.

We were so fortunate to have been able to prepare this book for you, but especially fortunate and proud to have watched you grow into such special individuals.

Go on to your new schools, continue to do your best, have confidence in yourselves, and forever cherish your time spent at P.S. 50.

The Yearbook Committee,





Maria LaGrega, Toni Esposito, Lisa Morisano,
